After School Enrichment Program

Classes are filled on a first - come, first - served basis. If the class is filled or cancelled you will be notified by the AS program and reimbursed.

Please inform your child's teachers about which Enrichment class(s) they are taking and schedule changes and pick up information.

Pick-up:

It is important that you are on time. It is also important that your children leave promptly upon dismissal and that they do not interact with the students in regular After School otherwise this becomes a liability issue and a management quagmire for the After School staff.

Student conduct:

The After School program, including Enrichment classes, do not have the same staff and space resources that are available during the school day and unfortunately may not be able to adequately serve children who repeatedly require one-on-one intervention. Continual inappropriate and/or unsafe behavior will impact the safety of the child and/or his/her peers and may result in a student's removal from Enrichment program and/or the Afterschool program.

Classes

All classes start at 3:30 after a snack with Enrichment teachers.

All classes end at 4:40 (unless otherwise noted).

Aviation

We know you love to make and fly your own airplanes and now you will learn to make tons of different types of airplanes and even fly them in class and outside! Become an expert in Aviation. You will learn how to make electric and rubber band models made of wood and foam. Keep all the airplanes you make!

Mondays

Grades 2 -5

Materials fee \$15

HobbyQuest

A Brontosaurus in Brooklyn...

Writing creatively is a great way for kids to take a break from their book reports in order to tell their own stories. By exploring less restrictive forms of writing such as poetry, short stories, and creative-nonfiction, students will become empowered to turn their own lives into art. In this course, we will bravely try our hands at writing exercises from imitating Louis Carroll's "Jabberwocky" poem to writing the story we see behind a painting. By the end of the term, the students in this class will possess a self-made anthology of creative writing worthy of any parent's bookshelf!

Mondays

Grades 3-5

Materials fee \$10

Carolyn Baccaro

Capoeira

Capoeira is an Afro-Brazilian martial art that incorporates music, song and play. It is a fun way for children to develop gross motor skills, improve coordination, strength and flexibility as well as discipline and social skills. This is a unique opportunity for children to foster an appreciation for music, nature and themselves while learning a martial art.

Mondays

Grades: K -5

Capoeira Arts Initiative

Captain Jon's Fun Fitness

The program includes high-energy workouts like "Circuit Circus" (cardio and strength intervals); "Rock Band" (strength training and Pilates with resistance bands); "Karate Kid" (punch and kick combinations); "Bouncing Buddies" (jump rope and stability ball routines) and more.

Tuesdays

Grades 3 - 5

Located at 10 Whitwell Place (just off Carroll St adjoining our schoolyard).

Students will be escorted to 10 Whitwell Place. Pickup will be at 10 Whitwell Place. Students returning to After School will be escorted back.

Ceramics

Everyone loves to get dirty and play with clay. In this class children will be introduced to the art of ceramics. They will learn the basic hand-building techniques such as pinching, coiling, and slab construction to create their own works of art. These pieces will then be glazed and fired in a kiln. Dress for a mess and prepare to have fun.

Tuesdays

Grades K – 5

Materials Fee \$ 20

Doreen Baskin

limit 10

Chefs of the Future

If you like food and fun this is the class for you! In cooking we will slice, dice, mix and taste different kinds of foods and desserts that are easy to learn! We will make our own recipe books and become "Chefs of the Future".

Tuesday

Grades K - 2

Materials Fee \$ 15

Loise Marrero

Chess

Stuart Margoilies, PHD says that chess play develops analytic skills, self-control and an increased ability to concentrate. Participants in the chess program will develop higher levels of self-esteem as they increase their chess competence. Students are encouraged to participate in a variety of tournaments (optional) throughout the year.

Fridays

Grade 2-5 Materials Fee \$10

Tri State Chess

limit 16

DIY Fashion

DIY is "design it yourself" and that's exactly what girls do in this class! Girls learn tips and techniques for designing, creating and developing their own style. While we do incorporate some simple stitchery into the projects, the focus of this class is on using common items, recycled clothing and a variety of techniques to create completely new pieces. Favorite projects include duct-tape messenger bag, fleece scarves, graffiti sneakers, and accessories like felt brooches, bag charms, shrink jewelry and woven belts.

Thursdays

Grades 1-3 Girls Only Materials fee \$15

Curious Jane

Early Lego

Students will have the opportunity to work together and use their imagination to design three dimensional objects. Using a variety of Lego's shapes, sizes and colors students will explore how the Lego pieces can come together to realize their designs.

Wednesdays

Grades: K- 1 Materials Fee: \$15

Renata Ramos

Electronics 101

Girls learn to construct circuits and incorporate them into fun and useful objects. Favorite projects include light-up quiz boards, draw-bots, circuit cards, brush-bugs, and light-up aquariums. After just one class, girls will be comfortable planning their own circuitry, adding switches, and experimenting with small motors. They will learn how to plan and trouble-shoot their designs. All materials are simple and safe – no shocks here – just plenty of discovery!

Fridays

Grades 3 - 5 Girls Only Materials fee \$15

Curious Jane

Fencing

The class will include a variety of fencing-related activities including games, conditioning, stretching, footwork, technique, tactics, and bouting. Fencing is great for kids who are bored with or uninterested in team sports.

Wednesdays

Grades 2-5 (must be 7 years old)

Materials Fee \$160

(The Standard Practice 5-piece Foil set with helm

Brooklyn Fencing Center

limit 10

FIRST LEGO

Jr. First Lego Robotics Exploration

This class is for returning team members who are eager to add robotics as a component to their Jr.FLL model. We will use the LEGO® Education WeDo™ system which was designed specifically to bring the fun and challenge of robotics to students. Team members will be able to build LEGO models featuring working motors and sensors; program their models with colorful, visual software designed just for kids; and explore a series of cross-curricular, theme-based activities while developing their skills in science, technology, engineering, and mathematics, as well as language and literacy.

Tuesdays

Grades 2 - 3 Materials fee \$15

limit 6 - First Come, first served.

Lori Azzarelo

Games and Plays

Turn an adventure story into a game...turn a game into a play!

Bring your imagination to this theater based workshop led by OBIE Award Winning Actor Jojo Gonzalez.

Be prepared to play games you've never played before and maybe turn them into a One-Act Play.

Mondays

Grades K – 2

Jojo Gonzalez

limit 15

Gotta Dance

An exciting and energetic dance class. Students will learn proper dance techniques and basic exercises to help with flexibility and coordination at their own pace. Students will develop strength, confidence, and balance through fun and creative activities.

Students will be split up into groups according to age and ability.

Thursdays

Grades Pre-K - 2.

Tressa Beldner

Gymnastics

This class is active, fun, and challenging. Skills include climbing, jumping, flipping and tumbling. During the course the student will learn basic gymnastic skills, gaining strength, balance, and flexibility. Wear comfortable clothes.

Tuesdays

Anthony Maldonado

Grades Pre K – K 3:30 - 4:15

Grades 1- 2 4:15 - 5:00

Students in the second class will either do homework, read, or draw (under supervision) while the first class does gymnastics.

The younger and earlier class will dismiss at 4:40. The older students and later class will dismiss at 5:00.

Haitian Dance

Students learn steps from the many dances that make up Haitian folklore as we work on choreography. The class will learn to listen to and dance to live drum rhythms that connect to each step danced, learn the meanings of the dances and the roots that they have in Africa. A warm-up and stretch will start off each class, followed by dance instruction. A water bottle is recommended.

Thursday

Grades K-5 Materials Fee - \$5

Joseph St. Surin, Instructor

The class will run as two classes, The younger earlier class will dismiss at 4:40. Later class will dismiss at 5:15

Improvisational Acting:

Students will participate in Drama exercises and games and learn the basics of improvisational acting, including techniques employed by improvisational comedy troupes.

Tuesday

Grades 2-5

Mr. Danny (Ashkenasi)

Magic

Have you ever wondered how to do magic? Want to be the cool kid with all the tricks? This Spring learn all the latest magic tricks out there from an actual magician. In addition you get to keep all the tricks and even put on a Live Magic show at the end of the term.

Friday

Grades 1 - 5

Materials Fee \$20

HobbyQuest

Making Comics: Telling stories with pictures and words.

Do you like comics? Have you ever wanted to make one yourself? This class will help you. A professional cartoonist is here to guide you from the idea to the final book.

We'll learn about writing, drawing, storytelling, word balloons, coloring, inking, and sound effects. All this to produce your very own comic.

Wednesday

Grades 4 -5 Materials fee \$ 15

Andres Vera Martinez

Mandarin

Our classes teach children a new language in an immersion-based setting using songs, stories, games, dance to engage children in their new language. All teachers are native speakers, trained and certified to use the Lango method.

Wednesdays

Grade Pre K - 3

Materials Fee \$35

limit 6

Lango Kids

Movie Making

"GULLIVER'S TRAVELS"

Students make a movie based on the Jonathan Swift's book

"Gulliver's Travel". Kids work on the script (I expect some changes to the original story), choose characters from the group, create storyboard together, learn the rules of the movie set: "Quiet on the set! Roll camera! Action!" etc.

During filming kids take turns as directors, camera operators, sound operators, clapperboard person, learn how to set up the lights.

We film in front of the green screen and edit in iMovie 09.

For this class some of the stop-motion animation will be integrated.

Everybody gets a DVD at the end of the class plus a Quick time file that can be e-mailed to friends and relatives.

Thursdays

Grades 3-5

Materials Fee \$15

Andrei Kolchanov of Kids Make Movies

Limit 10

Origami

Taro's Origami Studio is dedicated to the art and expression of origami folding. By folding origami one at a time with focus and care, one can enjoy the beauty of the process itself while your creativity is expressed from a sheet of paper to something completely new. Kids will learn origami basics and different models with variety of paper throughout the program.

Fridays

Grades 1-3 Materials Fee \$10

Michi Kano

Puppets and Shapes

Students will use a variety of mediums to explore shapes as they use their imaginations to create their own designs. They will have the opportunity to tell a story through their projects, which will include pictures, puppets, collages, and an independent project. This is an excellent opportunity for students to work on fine motor skills, as they will use scissors, tape, glue, and templates.

Fridays

Grades Pre K – K

Materials Fee \$ 10

Beth DiMarco

Recycled Robots!

Children will start by planning and designing a robot that they wish to build out of recycled materials. The object is to spark their imagination, teach them to think of "trash" in a different light, and to re-use materials. They will be responsible for gathering some of the materials themselves.

Thursday

Grades 1 - 2

Materials Fee \$10

Maria Reeves

limit 10

Robot Building

Does your child like to build? Are they fascinated with robots? Then this is the perfect class for them! We will be doing all sorts of awesome hands-on robotic lessons. Kids will learn the engineering/physics behind how things work. Lessons will include simple electronics, motors and mechanical concepts like cams and gear. The class will take apart everyday objects to understand how they work and build simple but awesome customizable robots.

Thursday

Grades 3 - 5

Material fee \$20

The Robot Foundry 303 3rd Ave

limit 6

Sculpey Sculpture

Come create sculpt and paint, and yes take it home for keeps.

Friday

Grades 1 -5 Materials \$10

Marina Pavlutskaya

Spanish

Que Pasa? Introduction to Spanish language. Students are taught in a bilingual setting. Students learn about the Latino culture.

New vocabulary is introduced in each class. Students learn to greet each other in Spanish. They also learn the different seasons of the year, months, days, colors and much more... As an activity to reinforce learning, we'll be doing some traditional Hispanic cooking : empanadas de carne (meat), guacamole, tacos etc.

Wednesday

Grades 1-5

Materials Fee \$10

Rose Sambola

limit 12

Start Playing Music!

Learn everything you need to know to begin playing an instrument. Special learning keyboards, guitars, percussion instruments, and recorders will all be used to convey the foundations of music. Students will learn to play familiar songs, and will acquire knowledge and skills ultimately transferable to the instrument of their choice. This class is the perfect stepping stone to private music lessons and will help in choosing an instrument to take. All materials are provided.

Wednesday

Grades 1-3

Music Path

Textile Arts

Come learn all about fibers at the Textile Arts Center. In this class students will explore lap loom weaving, block printing, felting, sewing, embroidery and more. Some projects completed include stuffed animals, bags, jewelry, and other small products.

Wednesdays

Grades 2-5,

Materials fee \$20

Textile Arts Center

Children will be escorted to the Textile Arts Center 505 Carroll St.

Pick up is at 505 Carroll Street.

limit 12

West African Drumming

"Do you want to make beats? Come explore West African musical traditions by learning to play the djembe, doundoun, songbas, kenkenes, and yado with Vado Diamonde. Perform the rhythms you already love, learn where they come from, create music and share in the stories.

Monday

Grades K -5

Vado Diamonde

Yoga

Take a deep breath...and let's have some yoga fun. Down Dog. Plank. Triangle. Learn new poses and breathing exercises and work on the poses you already know. Yoga helps foster creativity, cooperation, and confidence in a safe environment where we are perfect just the way we are.

Thursday

Grades K-2
