

If your child has a developmental disability...

autism - intellectual disabilities - cerebral palsy - seizure disorder

...be sure to come to this free workshops

Your Office for People with Developmental Disabilities is going through huge change. **This will impact your very young or school-aged child.** These workshops are grouped by your child's age, and address basic information you will need as the system undergoes fundamental reform:

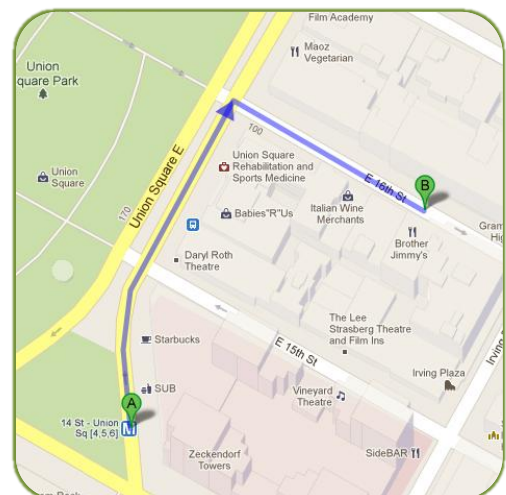

- Learn about current eligibility and services
- Plan for upcoming changes to service
- Understand how these changes will impact your child

Prepare for Change: School Age
